28 Pig Out Pancake & sausage Breakfast	29					

February News for Noah's Ark 2s

Family and Friends: Thank you all for participating in our conference day. We are happy to be partners with you in your child's adventure in learning.

Looking Back

We certainly experienced cold in January, both inside and outside of our classroom. We had snow to scoop and ice to pick up with tongs in the sensory table. Children observed the gems inside the melting ice and held ice in their hands. Warm cocoa was a special treat enjoyed to help emphasize the opposites cold and hot.

Looking Ahead

During February we will focus on different ways children can take care of themselves. We will look at ways to be friends, healthy foods we can eat, and learn ways we move our bodies to keep them healthy, too. Some of our activities will include:

Pretend play -exploring roles in our grocery store

Fine motor activities - making important marks with markers and crayons, squeezing and rolling red, blue, and purple playdough, creating a collage on a red heart

Movement activities - exploring ways our body moves, especially using legs to jump and kick and arms and hands to play and put on fancy clothes.

Save and Send

Clean empty containers (1-2) from some of your child's favorite foods to help stock our grocery store on Feb. 10th and 12th.

2 colors this month: our collection of color pictures is growing!
